### Mission

We support people in achieving their potential.

### Vision

CVTC, as an industry leader, creates experiences that support people in pursuing their ambitions and life-dreams. We foster environments where people participate in experiences that enhance their learning and enjoyment.

### Purpose

Central Valley Training Center strives to integrate our services for people with intellectual disabilities into a customer-focused, quality-driven organization. Our purpose is to promote the rights of the people we serve to live with dignity and responsibility and support individuals in the acquisition of skills needed to achieve their goals.
